Dear Sir/ Madam,

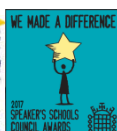

Namita Bhatia has worked at Oldfield September 2017 to July 2018 delivering the NLP course. Namita has been fully responsible for designing and delivering the bespoke course for each child under her care. Themes and topics discussed include such diverse topics as overcoming anxiety, becoming more resilient, communicating with ease and confidence building. Namita has worked with a range of one-to-one sessions and also with larger groups.

Children respond well to Namita's gentle coaxing and guidance within these sessions and often talk fondly of her even past the end of sessions. I have always been impressed with the data produced to evidence the impact shown in clear accessible formats for children, teachers and parents to access.

During her time at Oldfield, Namita has shown lots of diligence for her charges. Often the work Namita has to deliver is very intense and personal in the need for the child to except a change in their life- she works for the child to understand the need for this change. Additionally due to her understanding of child protection and safeguarding issues she has been able to build the picture for many vulnerable children within our school.

I would recommend working with NLP for children. I would highly recommend working with Namita due to her dedication and effort with the children and colleagues she interacts with.

Yours sincerely  
Elizabeth Savage
